### Retirement Benefits

Long-term planning is a critical part of your financial security. Gwinnett County sponsors two retirement plans (in addition to Social Security benefits) to help you achieve financial security in your retirement years. You participate in the Gwinnett County Defined Benefit (DB) Pension Plan. The Plan will provide you (and your joint beneficiary, if you designate one) with a monthly retirement income for life when you retire.

In addition to the Pension Plan, you can participate in the Gwinnett County 457 Deferred Compensation Plan. For 2007, you can make pretax contributions of up to \$15,500 per year (\$20,500 per year if you are age 50 or older). You choose how your account balance is invested in the available funds. The money in your account is 100 percent yours when you retire or leave Gwinnett County employment. If your hire date is after January 1, 2007 and you contribute at least 2.5 percent of your base compensation, Gwinnett County will contribute an additional 1 percent of your compensation to your 401(a) DC Pension Plan account.

### The Gwinnett County DB Pension Plan

The Pension Plan is a defined benefit plan that is designed to provide you with a source of retirement income. Each year, you receive a Pension Plan statement detailing the activity in your account.

Your Estimated Early Retirement Eligibility Date is December 3, 2014.

This date is subject to audit at your time of retirement. It may move to a later date if you have had a break in service or other interruption of service credit.

### 457 Deferred Compensation Plan

Our records show that you are not currently contributing to the Gwinnett County 457 Deferred Compensation Plan. It is never too late to start saving for your retirement! You can start with as little as \$10.00 per check and increase the amount each time you receive an increase in pay. Even a little can go a long way. The power of time and money is amazing. Over time, compound interest on your savings can add up to a significant account balance! The hardest part is getting started. You can enroll in the 457 Plan, change your contribution percentage, start or stop contributions at any time. Great West has made this easy – you can call KeyTalk 1.800.701.8255 or go online to [www.gcretirement.com](http://www.gcretirement.com) and get started on your plan for a better retirement today!

### Social Security

Both you and the County contribute a percentage of your earnings to Social Security. For more information call 1.800.772.1213 or visit [www.ssa.gov](http://www.ssa.gov).

## Presenting Your 2007 Personal Benefits Value Statement

To: Tina King

On behalf of the Board of Commissioners, we want to take this opportunity to thank you for your contribution to making Gwinnett County a leader among progressive local governments. We want you to know that we appreciate you and all you do for the County in providing services, programs, and facilities for its citizens. You are a valued employee, and Gwinnett County considers your and your family's health and financial well-being a top priority.

We are pleased to present you with your 2007 Personal Benefits Value Statement. This statement collects all of your salary and benefit information in one place. It is designed to help you understand the full value of your total compensation.

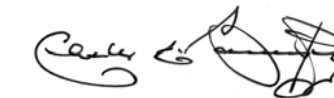

Your total compensation is made up of your direct pay (your regular paycheck) and the County's share of the cost of your benefits. While your direct pay is readily visible, the value of your benefits and time-off programs are often overlooked. Your statement provides an estimate of the annual value of your benefits based on your participation in our benefits plans from June 2006 through May 2007.

Please review this benefits statement carefully and keep it for reference, just as you keep your other important documents. If you have questions or concerns about your statement, please call the Employee Service Center at 770.822.7927, Monday through Friday, 7:00am to 5:00pm.

Now that you can see all of your benefits information in one place, this would be a good time to think about whether they are the right benefits for you and your family. Open enrollment is just around the corner, and it's your once-a-year opportunity to re-evaluate some of your benefits. Be sure to read your open enrollment materials when you receive them and refer to this statement before you enroll in the plans that best meet your needs.

Again, we appreciate your efforts in making Gwinnett County a great place to live and work.

Sincerely,

Charles E. Bannister, Chairman  
Gwinnett County Board of Commissioners
